

# KHADIJAH AHMED AZAB

Makkah, SA | 0564255164 | khadijahazab1425@gmail.com

## PROFESSIONAL SUMMARY

---

Human-Computer Interaction graduate with practical exposure to user experience, user interface, and user-centered digital solution development. Skilled in applying usability, accessibility, interaction design, information architecture, wireframing, and prototyping principles to simplify complex applications and improve digital experiences. Familiar with Figma, HTML/CSS, Microsoft Office, Power BI, and collaborative product development. Demonstrated ability to communicate ideas, organize initiatives, collaborate with cross-functional teams, and contribute effectively in fast-paced environments.

## EDUCATION

---

### Bachelor's Degree in Human-Computer Interaction | 2022–2026

Umm Al-Qura University, College of Computing, Department of Software Engineering

**Honors:** Second-Class Honors

## PROFESSIONAL EXPERIENCE

---

### IT Infrastructure Intern | Makkah Health Cluster | 2025

- Completed a five-month internship supporting IT infrastructure operations in a fast-paced healthcare environment.
- Collaborated with technical teams to support digital workflows and contribute to efficient technology operations.
- Applied user-centered principles to help improve software usability and the overall user experience.
- Developed practical understanding of technical support, digital systems, workflow optimization, and cross-functional collaboration.

## PROJECTS

---

### Wasla – Smart Subscription Hub | Graduation Project | 2025–2026

Project link: <https://wasla-project.vercel.app/>

- Developed a bilingual Arabic-English subscription management mobile app using Flutter, Dart, Firebase, and Figma to track subscriptions, spending, and renewal reminders.
- Applied HCI, User-Centered Design, Usability, and Accessibility principles, including WCAG 2.1 AA contrast, adjustable font sizes, Dark/Light Mode, responsive layouts, and usability testing with 221 survey participants and 5 think-aloud testers.

## SKILLS

---

### Software Skills

- Figma
- PowerPoint
- Canva
- Word
- Excel
- Power BI

### TECHNICAL & Professional Skills

- HTML/CSS language
- Arithmetical skills
- Designing
- Organization, Management
- UX-UI
- Teamwork & Collaboration

## **ACTIVITIES AND CAMPUS INVOLVEMENT**

---

Participated in Hajjathon 3rd Edition and Designathon and contributed to College of Computing Club activities through speaking, event organization, and HCI team involvement.

## **COURSES AND CERTIFICATIONS**

---

- Visual Elements of User Interface Design, Coursera
- User Experience Design, Edraak
- Product Management, Edraak
- The Art of Effective Communication Skills, Edraak
- Introduction to the Internet of Things, Satr Platform
- Product and Service Development, Monshaat
